NOTES FROM ECHO

WATER WORKS DELAYED BY CONTRACTORS.

New Well is Finished—Many Immigrants Coming Into the Country—Proposed Ticket to Be Voted on at Coming City Election in December.

Echo, Oct. 13.—Petitions are in circulation for grading and sidewalking Main and Bridge streets, which will be presented to the city council Wednesday night of next week.

There is delay in work on the city water works on account of the bids by the companies furnishing the piping and other iron necessary not being acted upon as yet.

The new well for the water works is finished. It is 22 feet deep, 16 feet in diameter, and contains 16 feet of water of the finest quality. It furnishes a practically inexhaustible water supply, as a 10-horse power gasoline engine operating a centrifugal pump, failed to perceptibly lower the water after several hours' vigorous work.

Immigrants are arriving every day and scattering out through the country, and those already on the ground are putting in irrigation plants, some of which are operated by gasoline engines and others with wind mills. The people are vigorously adopting and putting into effect the policy of taking into their own hands the solution of the irrigation problems offered them. All have unbounded faith, and capital enough to make the desert blossom as the rose.

The following ticket is talked of to succeed to the various city offices as the result of the coming December election: Mayor, A. W. Robinson, manager of the Echo Lumber Co.; aldermen—Charles H. Miller, merchant; William Glasson, proprietor of the amusement parlors; H. C. Willis of the Echo News; Cloyd Oliver, saloon keeper; Frank Spike, stockman and inventor and compounder of the "Oregon Blackleg Cure."

There will be but one regular meeting of the present city council before the municipal election in December.

A petition is in circulation to change certain metes and bounds of the city to correspond with the special survey made some time ago by Geary Kimbrell, and which demonstrated several serious errors in the recorded plots.

"SIGN OF THE FOUR."

Conan Doyle's Great Dramatic Production at the Frazer Tonight.

"The Sign of the Four," which comes to the Frazer tonight, is a dramatization of Conan Doyle's vividly real novel. The play deals with the fortunes of the great Agra treasure, which cost many lives, and finally is the motive of a crime, the cause of a mystery which Sherlock Holmes is called upon to solve.

This he does in his characteristic way, and not only succeeds in overtaking the criminals, but wins, as well, the love of the much persecuted heroine, Mary Masterson.

The drama of intrigue, mystery and love is unfolded and with intense dramatic interest, lightened by charming bits of humor and ludicrous situations. The interplay of Holmes, cool, commanding in moments of great danger, however, dominates every act, bringing to a denouement which is as unexpected as it is adventurous. Mr. True S. James is the Sherlock Holmes and the balance of the cast is in competent hands.

CHRISTIE TO PORTLAND.

Veterinarian Sells Out His Business and Removes to Portland Permanently.

Dr. J. Christie, who has been in this city for several years in the practice of the veterinary profession, has sold out to Dr. T. J. Lloyd, and leaves tonight for Portland, where he will reside permanently.

Dr. Christie has been deputy stock inspector for the state veterinarian, in Umatilla county, and is a member of the state veterinarian board. His successor as inspector has not yet been named.

The family of Dr. Lloyd is expected to arrive tonight from North Powder to occupy the house formerly occupied by Dr. Christie.

Notice to Contractors.

Sealed proposals will be received at the office of the undersigned, for the erection and completion of a frame school building with stone foundation, at Pilot Rock, district No. 1, until 12 o'clock noon, Saturday, October 22, 1904. Plans and specifications can be seen at the office of the architect, room 12, Judd building, Pendleton, Ore., and at Carnes Bros. store, Pilot Rock, after October 15. A certified check of \$100, made payable to H. H. Gilbert, must accompany each bid, to be forfeited to the board in case the successful bidder fails to enter into bonds within five (5) days after he has been awarded the contract. The board reserves the right to reject any and all bids.

IN PENDLETON

Every Claim is Backed by Local Testimony.

If the reader wants stronger proof than the following statement and experience of a resident of Pendleton, what can it be?

W. A. Rose, living on Cottonwood street, says: "Doan's Kidney Pills were first brought to my notice some four years ago, when I was living in Peoria, Ill. At that time I was suffering severely from an attack of kidney complaint and could scarcely do a day's work. To stoop or rise after stooping hurt so acutely that I could hardly keep from crying out. When a man has suffered with a back which felt half the time as though it was broken, which could not stand the slightest pressure, when he could not sit down, stand or lie with any comfort and still has to go to his daily work he naturally becomes anxious about his condition. I procured Doan's Kidney Pills, used them and they cured me. About a year ago I came to Washington, and shortly afterwards noticed symptoms of my old trouble. I procured Doan's Kidney Pills at Brock & McComas Co.'s drug store and three boxes completely banished the trouble leaving no signs that I had even had a touch of kidney trouble in my life. Doan's Kidney Pills do all that is claimed for them. You are welcome to refer to me at any time and I will gladly give all particulars in a personal interview to anyone calling on me."
